Cast Iron Rocks

"If I had to choose only one pot to keep for all my cooking needs, it would be cast iron. What I love about this Lehman's cast iron skillet is that it's pre-seasoned. It takes very little oil to keep it non-stick so it's super healthy to use. Food has never tasted so good!"

THE STORY OF OUR CIDER PRESS

Years ago, we wanted to offer a press, but when we looked at what was available, we couldn't find a cider press that was hygienic stainless steel – the best for fresh and safe cider. So we decided to make our own! The idea came from Galen Lehman (CEO of Lehman's and son of founder Jay Lehman), and our products development team built the prototype. It's now made for us locally and assembled by Lehman's craftsmen in our Kidron, Ohio shop.
